

Promoting the Value of Natural Gas in North and South Carolina

The natural gas industry is facing vocal opposition, both locally and nationally. It's time to tell the *real* story with a strategic and united front.

Carolinan Natural Gas Coalition unites key industry players—producers, suppliers, pipeline companies, contractors, industry groups, and other allies to advocate for the future of natural gas. We raise awareness of its economic, environmental and consumer benefits for North and South Carolina.

Together, our voice is stronger.

Working together, we can:

- Promote natural gas as a cleaner, reliable, affordable, domestically produced energy source to power homes and businesses across North and South Carolina.
- With a unified voice, communicate the value of natural gas as a long-term solution to meet fuel demands and drive economic growth.
- Ensure natural gas is viewed positively and as a partner for clean energy solutions.
- Encourage collaboration and networking among Coalition members and associates.
- Educate state leaders, regulators, economic developers, community leaders, and consumers about the value of natural gas.

Can we count you in?

Join now and become a member of Carolinas Natural Gas Coalition.

Member benefits include:

- ✓ A seat at the table as an influential industry group takes shape.
- ✓ Regular updates on industry information, including legislative and regulatory issues.
- ✓ A chance to be part of outreach programs to promote understanding, support, and goodwill for the industry.
- ✓ Opportunities to connect and engage with state leaders, and to network with major industry players and partners at upcoming events.
- ✓ Your logo included as a member on the website.
- ✓ Chances to promote your news and events via the social media sites.
- ✓ A united group to help fight for issues that matter to you and the future of the natural gas industry.

More benefits as the Coalition grows!
